

Walker Lift Magnets Handle Coils Safely...Without Damage!

The easiest, fastest and most economical way to lift and handle steel coils is to use these powerful magnets designed specifically for the job. Since the magnet is in contact and holding only the top of the coil, potential coil damage is virtually eliminated.

**Eye-Horizontal Lifting...
Eliminate 'C' Hook Damage**

Advantages of Using Magnets for Coil Handling...

No damage to coils
while handling...
since no mechanical
clamping devices are used

Only one operator
is needed...
this frees up man power

Less storage area
is needed...
reducing floor space

Electromagnet and
Electro-Permanent
Magnets are available

**Eye-Vertical Lifting...
Stack Coils in Annealing Shops**

**Handle Coils Efficiently with
Only One Operator**

**Magnetic Handling in Warehouses Allow You to
Move and Stack Coils Easily**
