## TURBO-MILL™

**O.S. WALKER**  
 20 Rockdale Street  
 Worcester, MA 01606

### *Powerful Magnetic Clamping in Seconds For Conventional Milling and CNC Machining Centers (Vertical or Horizontal)*

#### **Features and Benefits:**

- Reduce set-up & program time and increase through put
- Allow single set-up machining with 5-sided accessibility
- Produce uniform holding over the entire workpiece surface
- Eliminate the need for clamps, no distortion
- Dampens vibration, longer tool life & better surface finish
- Machine a part without multiple set-ups

#### **○ Yes, I am interested...**
